We Are **Invention**

“Invention Vision is committed to distributing instruments and reagents which meet the highest international quality production standards including ISO 9001:2015, EN 46001, and ISO27799, US FDA, CE IVD.

Invention Vision excels in the market for more than 10 years now, having strong customer network across UAE, Oman and Saudi Arabia. We serve wide range of target customers belonging to diagnostic laboratories, hospitals, medical centres, and research sectors. The product line for medical division covers wide range of rapid test kits, fully automated analyzers for immunoassay's, CLIA, Urine Analysis, Hematology, Biochemistry, and Stool. We have world-class product range for Molecular diagnostics targeting Oncology, Infectious diseases, Genetics and pharmacogenetics.

Our **Mission**

Invention Vision's mission is to lead as the premier provider of efficient, unique medical diagnostic, and IoT solutions for diverse industrial sectors.

Our **Approach**

We prioritize enduring, trustworthy partnerships for a thriving business. Our supplied products adhere to high-quality standards demanded by customers. Our partners are CE-IVD, US-FDA, and ISO Certified. We offer expert advice and support post-purchase.

Milestones

Invention Vision Established

Centralized Monitoring Systems for temperature, Fire Safety.

Medical Division Established

Rapid Test Kits
Medical Consumables

Covid Solutions

Covid Real Time PCR Kits
Molecular Solutions

Products Enlisted

Laboratory Instruments
Real Time PCR Solutions

Entities Partnered

Diatech Pharmacogenetics
SNP Biotechnology
RTA Laboratories

Novel Technologies

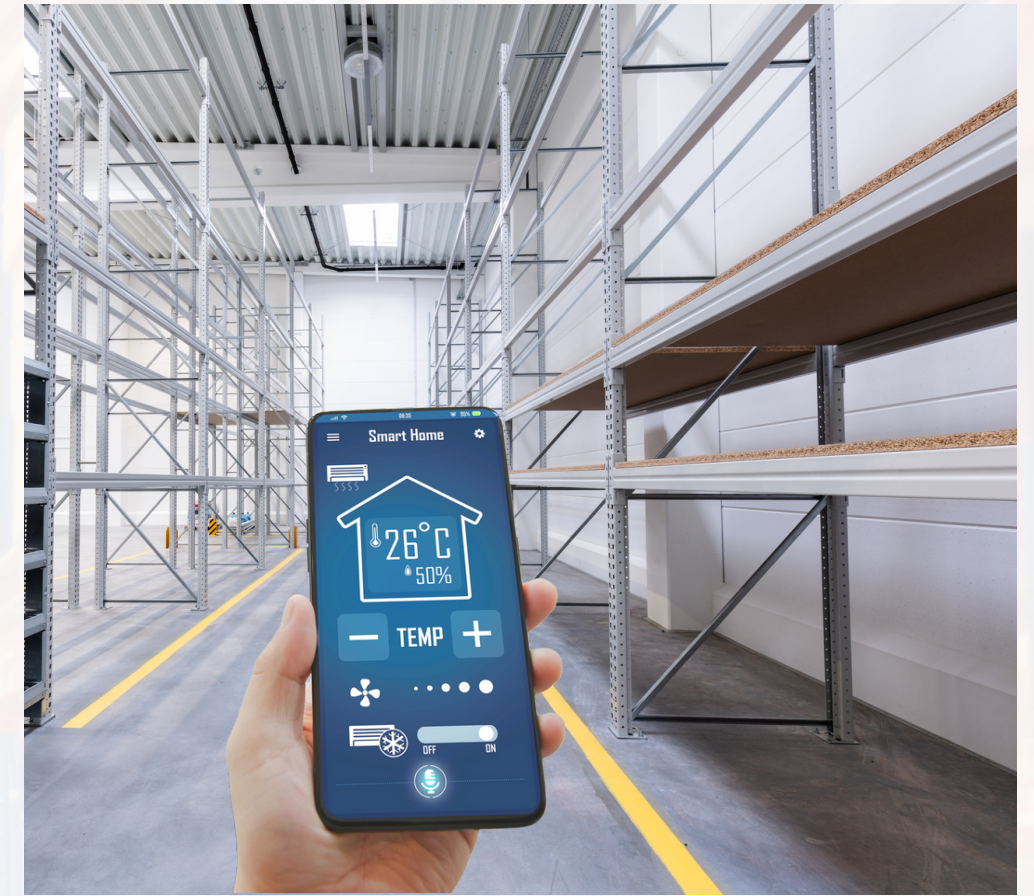

Mini CLIA Realy Tech
AllTests - LF Reader
Medicside - Urine Analyzer
AVE - Stool Analyzer

Entities Partnered

Zybio, Novaprep, Accessbio, Inovia
Technology, Eurofins, Nzytech, Noul,
Cornley, DxGen

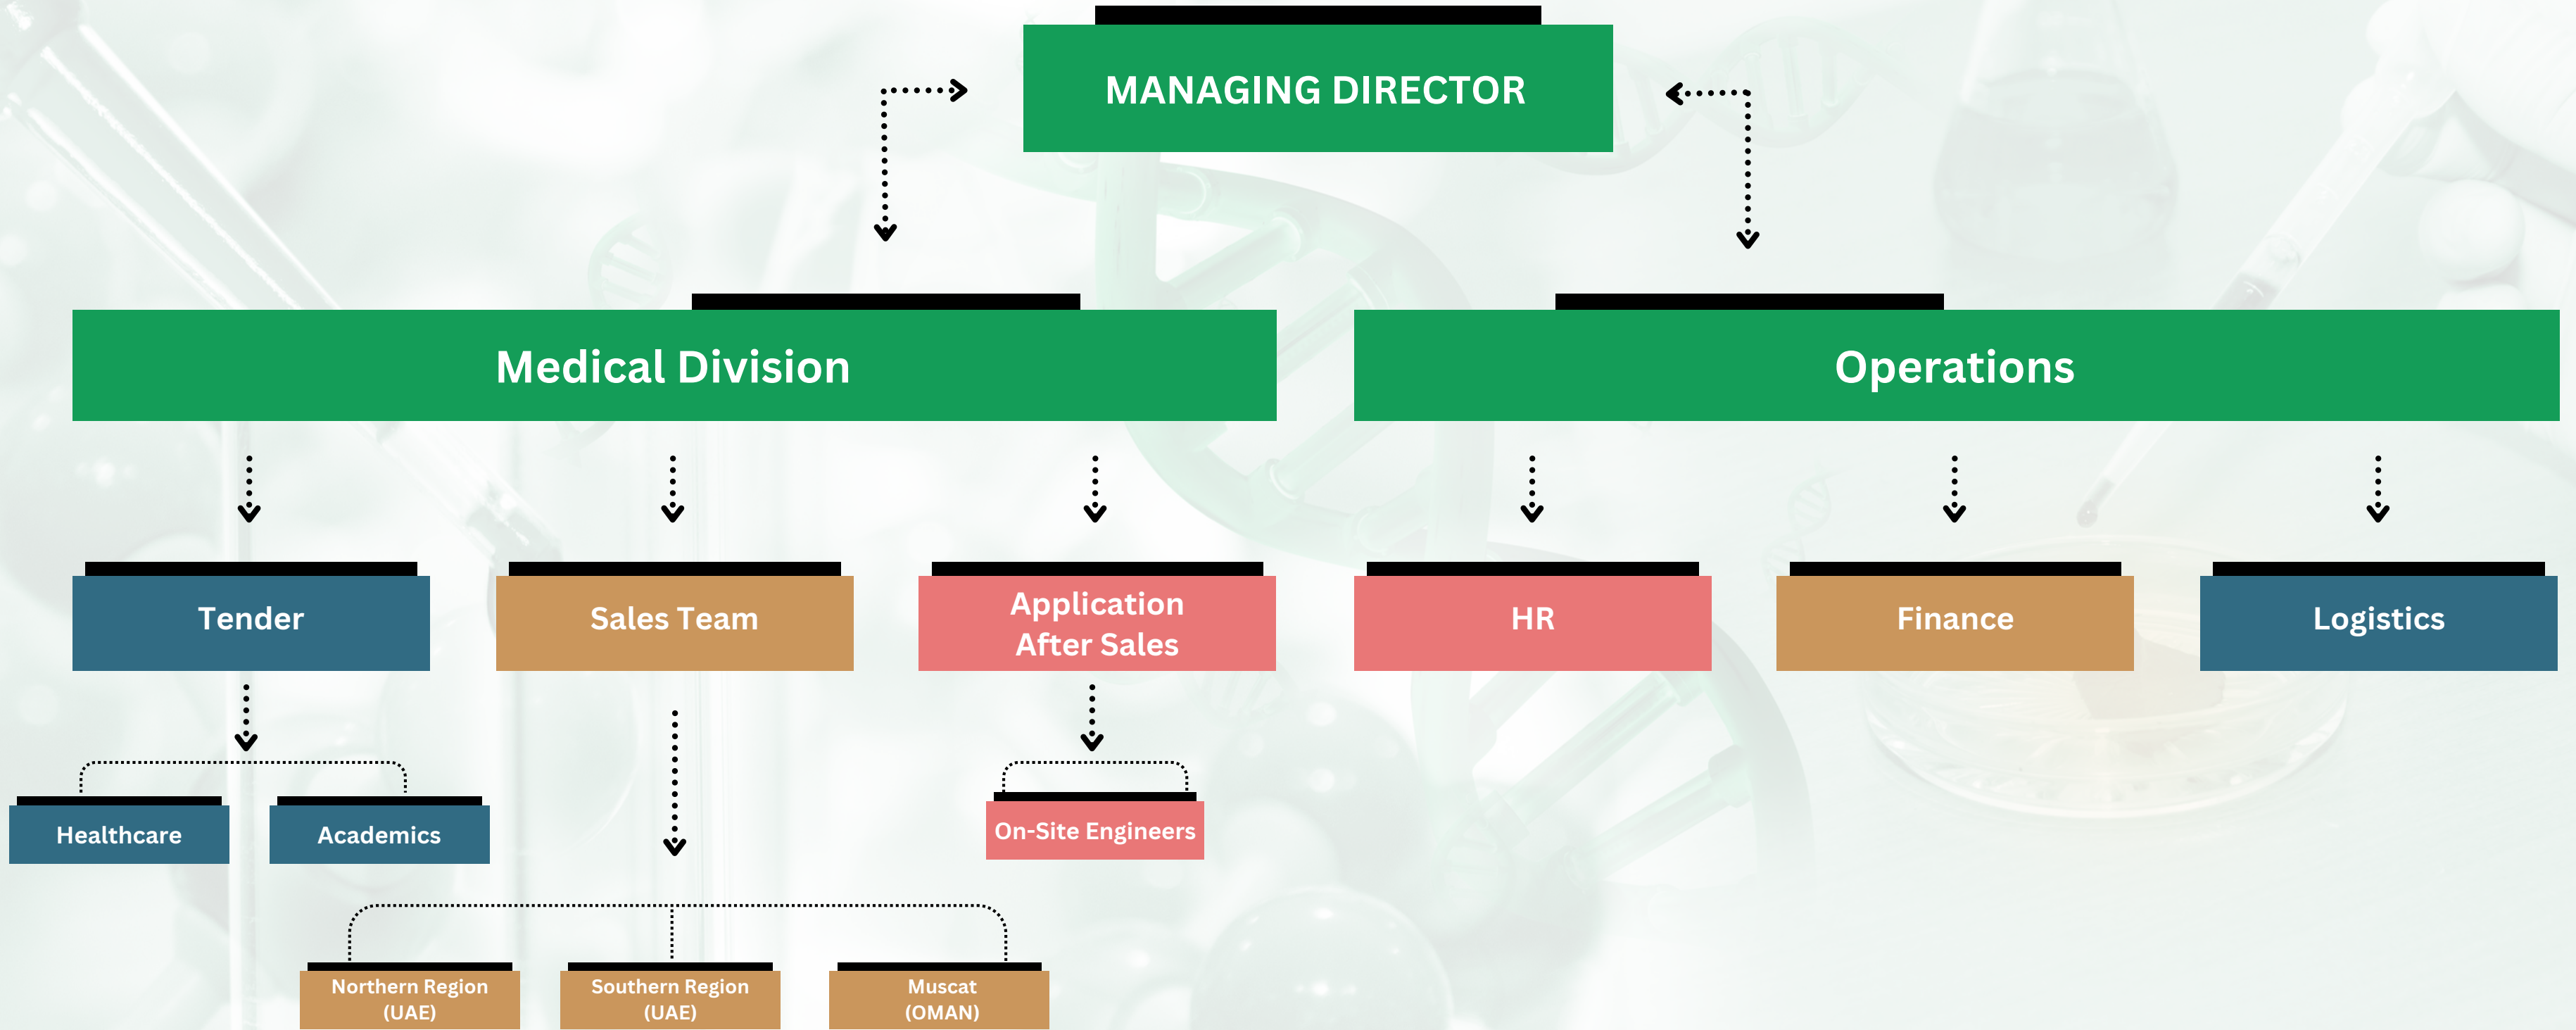

Warehouse Storage & Certification

1. MoH UAE Certified Drug House
2. 10,000 sq. ft cold storage (15-20 °C)
3. 20ft walk in cold room maintained at (2-8 °C)
4. 500 x 5 ltrs dedicated storage facility maintained at -20 degrees.
5. Our warehouse is equipped with centralized temperature monitoring system.
6. All IVD product registration in MOH UAE is done through our Drug House.
7. Temperature recorded for the last two years.

Organogram

Sectors We **Serve**

Product & Service Category

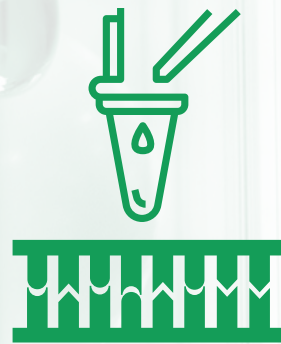

Routine Diagnostic
Solutions

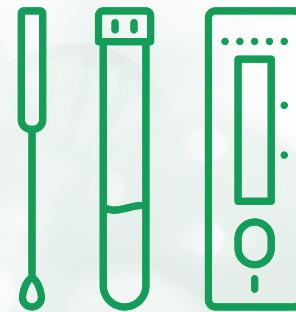

Lab Equipments

Life Science
Research Solutions

Molecular Diagnostic
Solutions

Rapid Test Kits

Lab Consumables

PRODUCTS & SERVICES

ROUTINE DIAGNOSTIC SOLUTIONS

Fully Automated Analyzers

Haematology, Biochemistry,
CLIA Immunoassay
Origin - China

HPV Automation Solutions

Slide Preparation, Remove
Staining, Automated Microscopy
Origin - Europe

Fully Automated Stool Analyzer

Fully Automated, Microscopy,
Rapid Test For Stool
Origin - China

Urine Analyzer

Fully Automated, Microscopy,
Sedimentation
Origin - China

Electrolyte Analyzers

Manual
Origin - Germany

Automated Analyzer

Automated Cartridge based Analyzer for BCM and Malaria - Ready to use fully automated cartridge - Gold Standard Technology - Sample to result in 30 minutes - AI based microscopy

Origin - Korea

Calprotectin Quantitative Reagents

Compatible for Siemens, Roche, Beckman - Analyzer compatible reagents - Inventors of CALPRO protein

Origin - Sweden

POCT device for G6PD Analysis

Gold Standard Technology - Sample to Result in 4 minutes - Compatible for EDTA and Prickle Blood

Origin - USA

LAB EQUIPMENTS

Lab Equipment's

**Centrifuges, Minor Equipment,
Biosafety Cabinets, Shakers &
Mixers, Sterilization units & others**

Origin - Germany

Fully Automated Nucleic Acid Extraction Systems

**30 different sample types compatible
Remove Staining, Automated Microscopy**

Origin - Taiwan

LIFE SCIENCE RESEARCH SOLUTIONS

Customized Oligos/Primers of DNA & RNA, NGS, Gene Synthesis, Geno Typing, Customized Sequencing

DNA & RNA Purification Kits, RT-PCR, RNA, DNA Modifying Kits, Restriction Enzymes, Competent Cells, Ladders, Markers, Loading & Staining

Amino Acids, Chemicals, Dyes & Stains, Solvents, Antibiotics, Buffers

Incubators Water Baths, Centrifuges, Cyto Centrifuges, Stirrers, Shakers, Homogenizers

Biological Products, Recombinant Proteins, Antibodies (Customized Monoclonal & Polyclonal), High Purified Protein, Reagents

Glassware, Plasticware, Lab Essentials, Quartz, Liquid Handling, Rubberware

Cryowares, Centrifuges Tubes, Cell Cultureware, Test Tubes, Stopper & Racks, Liquid Handling

MOLECULAR DIAGNOSTIC SOLUTIONS

qPCR Solution for Cancer

Ready to use
Lyophilized Strips
Origin - Italy

qPCR solutions for Genetics

HLA B27, Infertility,
Thrombophilia, Beta Thalassemia
Origin - Turkey

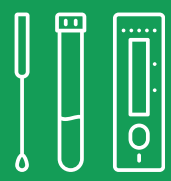

Covid 19 qPCR Kits

Fastest assay kit
35 minutes per run
Origin - Korea

Multiplex Assays

STD, Sepsis, Respiratory
panel, Infectious assays
Origin - Turkey

RAPID TEST KITS

POCT - Rapid Test Kits

US FDA, Health Canada Approved
More than 100 parameters

Origin - China

Rapid Diagnostics Kits

Blood Grouping Assay, Cell Screening
Panels, Agglutination Tests, Febrile
Antigens, Rapid Drug of Abuse Tests,
Rapid Diagnostic Tests, RNA
stabilisation and viral inactivation.

Origin - United Kingdom

LF Reader ATR300

LIS Connectivity, Store and Print
Result in 2 second.

Infectious, Multi Drug
More than 50 routine parameters

Origin - China

LAB CONSUMABLES

Laboratory Consumables

Cryo Vials, Plastic Ware, PCR Consumables, Pipettes, Pipette Tips

Origin - Italy

Laboratory Consumables

Hand Protection, Blood Collection, Injection Disposables, Infusion Therapy

Origin - Netherlands

Laboratory Consumables

Sterile Swabs
Sterile Swabs With Gel

Origin - China
